## State Charging Station Incentives

- [Electric Vehicle \(EV\) Charging Station Incentive Program Support](#)
- [Electric Vehicle \(EV\) Charging Station Grant – Antelope Valley](#)
- [Residential Electric Vehicle \(EV\) Charging Station Financing Program](#)
- [Electric Vehicle \(EV\) Charging Station Rebate – Central Coast](#)
- [Electric Vehicle \(EV\) Charging Station Rebate – Northern California](#)
- [Electric Vehicle \(EV\) Charging Station Rebate – Inland Counties](#)
- [Electric Vehicle \(EV\) Charging Station Rebate – San Joaquin County](#)
- [Electric Vehicle \(EV\) Charging Station Rebate – Peninsula-Silicon Valley](#)
- [Electric Vehicle \(EV\) Charging Station Rebate - Sacramento County](#)
- [Electric Vehicle \(EV\) Charging Station Rebate – San Diego County](#)
- [Electric Vehicle \(EV\) Charging Station Rebate – Sonoma Coast](#)
- [Electric Vehicle \(EV\) Charging Station Rebate - Southern California](#)
- [Electric Vehicle \(EV\) Charging Station Rebate – Alameda County](#)
- [Electric Vehicle \(EV\) Rebate - Antelope Valley](#)
- [Electric Vehicle \(EV\) Charging Station Rebate - South Coast and MSRC](#)
- [Electric Vehicle \(EV\) Charging Station Incentives - San Joaquin Valley](#)
- [Electric Vehicle \(EV\) Grants](#)
- [Electric Vehicle \(EV\) Charging Station Rebate – South Central Coast](#)
- [Electric Vehicle \(EV\) and Fuel Cell Electric Vehicle \(FCEV\) Grant - Bay Area](#)

## Utility/Private Incentives

- [Commercial Electric Vehicle \(EV\) and EV Charging Station Rebates - TID](#)
- [Electric Vehicle \(EV\) and EV Charging Station Rebates - TID](#)
- [Electric Vehicle \(EV\) Charging Station Rebate – Liberty Utilities](#)
- [Electric Vehicle \(EV\) Charging Station Rebates for Businesses - SMUD](#)
- [Electric Vehicle \(EV\) Charging Station Incentives for Medium- and Heavy-Duty Fleets - PG&E](#)

School Electric Vehicle (EV) Charging Station Rebate – PG&E

State Parks Electric Vehicle (EV) Charging Station Program – PG&E

## Utility/Private Incentives (cont.)

Electric Vehicle (EV) Charging Station Rebate - SCE

Electric Vehicle (EV) Charging Station and Charging Incentive - Sonoma Clean Power (SCP)

Electric Vehicle (EV) Charging Station Rebate - Alameda Municipal Power (AMP)

Electric Vehicle (EV) Charging Station Rebate - Azusa Light & Water

Electric Vehicle (EV) Charging Station Rebates - Anaheim Public Utilities (APU)

Residential Electric Vehicle (EV) Charging Station Rebate - LADWP

Electric Vehicle (EV) Charging Station Rebate - Glendale Water and Power (GWP)

Residential Electric Vehicle (EV) Charging Station Rebate - Pasadena Water and Power (PWP)

Commercial Electric Vehicle (EV) Charging Station Rebate - Pasadena Water and Power (PWP)

Multi-Unit Dwelling (MUD) and Workplace Electric Vehicle (EV) Charging Station Rebate - MCE

Multi-Unit Dwelling (MUD) and Workplace Electric Vehicle (EV) Charging Station Incentives - PG&E

Electric Vehicle (EV) and EV Charging Station Rebates - Central Coast Community Energy (CCCE)

Electric Vehicle (EV) Charging Station Rebate - Burbank Water and Power (BWP)

Electric Vehicle (EV) Charging Rate Reduction - Bear Valley Electric Service (BVES)

Electric Vehicle (EV) Charging Station Incentive – SDG&E

Electric Vehicle (EV) Charging Station Rebates – Silicon Valley Power (SVP)

Electric Vehicle (EV) Charging Station Rebates – PG&E

Residential Electric Vehicle (EV) Charging Station Rebate – SMUD

### Herzog Electric – The Leader in End-to-End Electric Charging Installation Solutions

Herzog Electric offers the newest technology with the design of end-to-end installation of EV charging systems for commercial and multi-unit housing applications, creating custom solutions for a wide range of unique needs. Industries served include fleet operations, offices, retail, hospitality, multi-unit residential, industrial, and more.

We employ a tailored process driven approach to building EV charging systems by collaborating with your team and utilizing best practices to fully understand the unique needs of your business.

### The Benefits of Installing a Commercial EV Charging System

With electric vehicles becoming more popular, everyone is looking for charging stations while they are at work or driving around town. By offering multiple EV charging units, you provide convenience to your employees and customers and have the capability of keeping fleets energized and ready to go.

Businesses and property owners that offer EV vehicle charging stations demonstrate consideration for the environment and green energy – not to mention earn a superior reputation. Potential employees and consumers are making it more of a priority to support businesses that are eco-conscious.

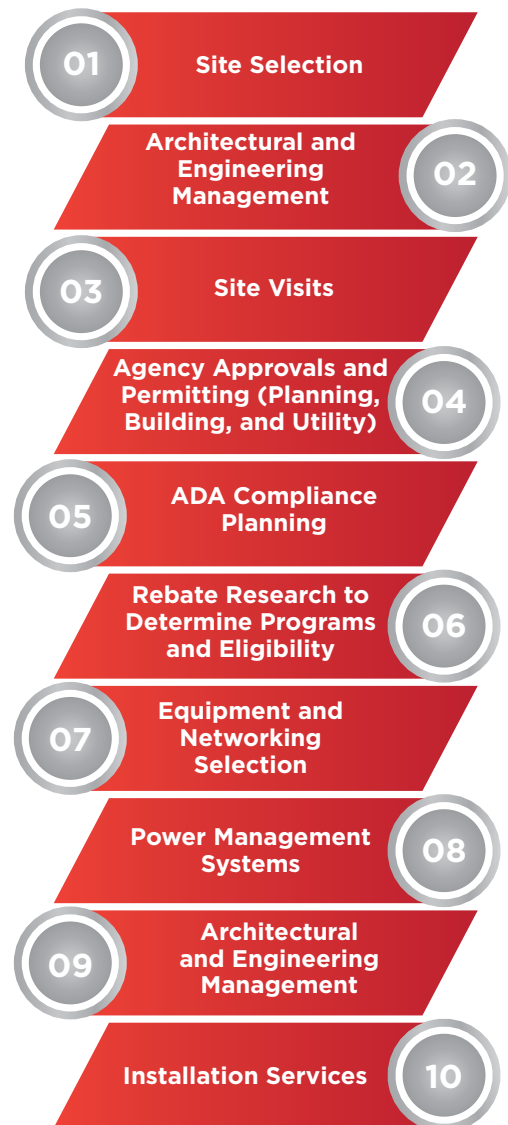

Herzog Electric works closely with your team to provide an end-to-end solution that meets your needs.

### DC Fast Charger: The Fastest Way to a Full Charge

With a Level 3 DC charger, you'll deliver more power, faster and have your team ready to move in minutes instead of hours. Compared to other options that require 4-6 hours of charge time, a direct connect electric vehicle charger can take as little as 30 minutes. For fleet operations, there's not a more valuable asset than fast EV charging.

### Electric Vehicle Supply Equipment (EVSE) Deployment Consulting & Project Management

Our expert consultation and project management services for EVSE deployment includes every step of a successful electric vehicle charging installation project including:

### Electric Vehicles Incentives and Rebates

Tax credits and grants may be available in your area for commercial electric vehicle charging station installation. State and federal governments enact laws to provide consumer and business incentives in order to help build and maintain a market and functioning ecosystem for electric vehicles. Visit <https://afdc.energy.gov/laws/state> to view incentives and rebates by state.
